

Relias and MatrixCare have partnered to provide mutual customers access to MatrixCare’s training curriculum in the Relias Learning Management System.

Relias is a trusted leader in online staff education dedicated to helping healthcare organizations improve outcomes for the people they serve.

MatrixCare is an easy-to-use, integrated clinical and financial software system that improves clinical outcomes and maximizes provider performance.

The Relias Learning Management System includes:

- Access to relevant and engaging training that meets regulatory and compliance standards while ensuring staff are positioned to confidently provide specialized care and improve client outcomes
- Access to a vast library of accredited, approved and certified course content
- Full administrative functionality with tracking/reporting, building training plans and ability to add custom courses

MatrixCare content includes:

- Education for Skilled Nursing and Senior Living staff
- New hire overviews
- Quarterly release education
- Learning plan by role
 - ◊ Document daily care functions
 - ◊ Manage payer and insurance information
 - ◊ Track preventive health
 - ◊ Manage readmission risk
 - ◊ And much more!

Benefits for Mutual Customers:

- Assign and track completions of all Relias and MatrixCare content in one location
- Build training plans for Relias and MatrixCare content together in one location
- Ability to create custom courses

Please reach out to your Relias or MatrixCare Account Manager for more information.
