DIRECT

HIPAA COMPLIANT SECURE WEB-BASED EMAIL

It's simple and secure – receive and upload
secure resident X-rays, lab results and more

MatrixCare DIRECT provides the ability to communicate securely with colleagues and patients. We enable you to maintain HIPAA compliance when sending and receiving encrypted health information over email.

We work with physicians to ensure that our product is user-friendly and fits into current workflow. Our exclusive technology integrates seamlessly with any EHR, patient and email system so you can start communicating immediately.

ACCESS TO OVER 110,000 CONTACTS

Healthcare professionals across the country are already using DIRECT to send health information securely. By obtaining a MatrixCare DIRECT address, a referral to your facility helps hospitals meet CMS Meaningful Use requirements.

OPTIMIZE CARE TRANSITIONS

You can reduce medication and medical errors. MatrixCare DIRECT sends electronic patient information instantly, so you can receive instant admission and discharge notifications, care summaries, referrals, lab results and more.

SAVE MONEY AND TIME

You can eliminate faxes and combing through stacks of discharge paperwork. MatrixCare DIRECT is cheaper than fax or mail, and is accessible from any office, home computer, or mobile device with internet access.

QUICK TO IMPLEMENT

Simply contact your MatrixCare representative to subscribe. You will receive a URL and your DIRECT email addresses for communicating with your health care partners and providers. All you need to use MatrixCare DIRECT is internet access and a web browser.

EASY TO USE

You can quickly add residents from sent Continuity of Care (CCD) information. MatrixCare DIRECT includes a built-in CCD viewer to translate the xml code to a human-readable document.
