

MealTracker

**Superior nutrition planning,
management and analysis software
for daily meal production.**

MatrixCare MealTracker is an intuitive, nutrition management solution that helps ensure your cycle menus are executed with the nutrition, budget, and dietary controls it was designed to deliver.

As a web-based application, MealTracker is the most flexible and easy-to-use nutrition management system on the market today — allowing you to provide high-quality, cost-effective food service.

MealTracker Customers
Can Reduce Food Cost
and Waste up to...

15%

REDUCE FOOD COST AND WASTE

Utilize daily production guides to monitor food usage, eliminate waste, and save money on food

INCREASE RESIDENT SATISFACTION

Give residents power of choice with meal preferences, choice dining, and on demand ordering

ENSURE FOOD SAFETY AND COMPLIANCE

Leverage standardized recipes that follow HACCP safety procedures while maintaining HIPAA compliance of dietary information

INCREASE DATA ACCURACY AND STAFF EFFICIENCY

Automate manual tasks to help eliminate errors, while improving work flows and desired outcomes

CONTROL WEIGHT LOSS AND NUTRITION

Provide nutrition analysis with automation tools for clinical assessment and weight management

LINK NUTRITION DATA

Connect ADT, Allergy, and Weight data from medical records.

*In addition, Diet Order integration is exclusive to MatrixCare SNF and LPC clients

About MatrixCare

MatrixCare solutions have powered the long term care continuum for over 30 years. MatrixCare is the largest LTPAC technology provider in the US and the first to offer a true full-spectrum solution. Used in more than 12,000 facility-based care settings and 2,000 home care and home health agency locations, MatrixCare's solutions help skilled nursing and senior living providers, life plan communities (CCRCs), and home health organizations to prosper as we migrate to a fee- for-value healthcare system. Visit www.matrixcare.com and www.carecommunity.com for more information.
