

Senior Living Mobile KPI

REAL-TIME COMMUNITY PERFORMANCE DATA AT YOUR FINGERTIPS

Senior living providers are constantly in motion; travelling between communities, meeting with key business partners, researching the next investment opportunity.

The MatrixCare® Senior Living Mobile KPI App gives executives and directors the real-time information they need to make critical business decisions on the go.

Senior Living Mobile KPI

The Mobile KPI App provides 12 key performance indicators (KPIs) that reflect the financial well-being of your communities.

KPI	Description
Financial Occupancy	Percentage of financial beds and/or units occupied
Accounts Receivable	Resident aging balance
Average Rate	Total revenues/financial occupancy
Physical Occupancy	Number of physical residents
Total Collections	Cumulative amount of resident collections
Total Deposits Received	Lead deposits received
Move Ins	Number of finalized move-ins (residents)
Move Outs	Number of finalized move-outs (residents)
Projected Move-Ins	Number of projected move-ins not yet finalized
Projected Move-Outs	Number of projected move-outs not yet finalized
Total Revenue	Total revenues
New Leads	Total number of new leads generated

The Mobile KPI app is available for both iOS and Android devices.

The Mobile KPI App lets you choose the timeframe to report on – day, week, month, quarter or year – and includes charts and graphs to show trends over time. Plus, you can view the KPI data for an individual community, roll-up data by region, or for the entire enterprise.

About MatrixCare

MatrixCare solutions have powered the long-term care continuum for over 30 years. MatrixCare is the largest LTPAC technology provider in the U.S. and the first to offer a true full spectrum solution. Used in more than 11,000 facility-based care settings and 1,400 home care and home health agencies, MatrixCare's solutions help skilled nursing and senior living providers, continuing care retirement communities, and home health organizations to prosper as we migrate to a fee-for-value healthcare system. Through our common care coordination platform, we are also able to offer the industry's first solution for helping the emerging set of conveners and diversified LTPAC operators to deliver superior care and better outcomes across the full spectrum of care.
