

RetailTracker

Intelligent point-of-sale system designed uniquely for the long term care industry.

MatrixCare's RetailTracker is a complete point-of-sale solution that helps connect the dots between Clinical, Dining and Financial operations.

With the ability to manage comprehensive meal plans and process multiple forms of payment, RetailTracker can save hours of data entry each month and help improve operational efficiency.

Streamline Business Operations and Improve Workflows

IMPROVE RESIDENT SATISFACTION

Allow residents to be more independent by making dining reservations, ordering food, and viewing real-time meal plan balances

ENHANCE THE DINING EXPERIENCE

Provide residents with more dining options such as a la carte menus, placing to-go orders, table top ordering, food delivery and more

OFFER MULTIPLE PAYMENT METHODS

Provide multiple payment methods including meal plans, credit cards, cash, checks, direct billing, coupons, gift cards and department charges

LEVERAGE ALL RETAIL LOCATIONS

Use the system in restaurants, quick-service locations, salons, cafes, gift shops, and other retail locations

ENHANCE YOUR RESIDENT-CENTRIC SOLUTION

Ensure prompt and accurate delivery of food services, while helping to lower overall food production and delivery costs

INCREASE ROI AND REVENUE

Add new line items and generate additional revenue by capturing ancillary charges for services such as housekeeping, pet sitting, dry cleaning and more

About MatrixCare

MatrixCare solutions have powered the long term care continuum for over 30 years. MatrixCare is the largest LTPAC technology provider in the US and the first to offer a true full-spectrum solution. Used in more than 13,000 facility-based care settings and 2,500 home care and home health agency locations, MatrixCare's solutions help skilled nursing and senior living providers, life plan communities (CCRCs), and home health organizations to prosper as we migrate to a fee-for-value healthcare system. Visit www.matrixcare.com and www.carecommunity.com for more information.
