

MatrixCare® Connections Partner Harland Technology Services (HTS)

CONNECTIONS

ALLOWS YOU MORE TIME TO FOCUS ON YOUR RESIDENTS AND YOUR PRACTICE

We strive to offer our customers the best solutions and most options, including complementary partner solutions. MatrixCare, the market-leading, certified Electronic Health Record solution for the long-term care and senior living continuum has partnered with Harland Technology Services (HTS), a leading nationwide provider of technology solutions. Harland Technology Services is a preferred IT vendor for MatrixCare.

By selecting Harland Technology Services as your technology solutions partner, they can help relieve strains on your network by providing network design and implementation services and ITManager Managed Services.

MatrixCare® Connections Partner Harland Technology Services (HTS)

CONNECTIONS

Harland Technology Services has been providing quality IT services and solutions for over 35 years, working with over 15,000 customers nationwide, including more than 3,000 medical practices. HTS has 160 strategically located service centers across the United States. They offer scalable solutions that align with your particular needs. A partnership with HTS can help you extend the life of your technology investment and reduce your total cost of ownership.

Many long-term care operators take advantage of Harland Technology Services solutions to keep their organizations running smoothly and MatrixCare highly optimized.

Harland Technology Services will ensure that MatrixCare long-term care operators have a secure and efficient IT network. HTS' ITManager suite of Managed Services allows MatrixCare clients to focus on providing world-class resident care, while HTS keeps you up and running efficiently. The ITManager solutions suite includes:

- Network Administration Service
- Hosted Exchange Service
- Remote Backup Service
- Cloud Recovery Service
- Managed Firewall
- SPAM Filtering
- Web Content Filtering
- Gateway Anti-Virus
- Endpoint Security
- Vulnerability Assessments

PARTNERS IN EXCEPTIONAL SUPPORT

The partnership between MatrixCare and Harland Technology Services ensures that long-term care operators receive exceptional customer service and world-class IT support. This relationship simplifies the world of the long-term care operator and relieves the administrative burden of system reliability.

You will have peace of mind knowing that both MatrixCare and Harland Technology Services are dedicated to working together to maximize system reliability.

If you are a MatrixCare client, and would like immediate information, please feel free to contact HTS directly via e-mail at robert.guardiola@harlandts.com or by phone at (800) 228-3628 and ask for Rob Guardiola at Ext. 3272

- MatrixCare has partnered with HTS to provide world-class hardware services that supplement MatrixCare, the market-leading, certified Electronic Health Record solution for the long-term care and senior living continuum.
- HTS has a nationwide team of company employed service technicians and have resources accessible to work with our clients. Their service model aligns perfectly with MatrixCare as they have a strong service organization with several years of experience.
- HTS has a proven track record of providing great service for long-term care clients and is a more effective hardware solution for clients.

About MatrixCare

MatrixCare solutions have powered the long term care continuum for over 30 years. MatrixCare is the largest LTPAC technology provider in the US and the first to offer a true full-spectrum solution. Used in more than 12,000 facility-based care settings and 2,000 home care and home health agency locations, MatrixCare's solutions help skilled nursing and senior living providers, life plan communities (CCRCs), and home health organizations to prosper as we migrate to a fee-for-value healthcare system. Visit www.matrixcare.com and www.carecommunity.com for more information.
