MatrixCare® *by ResMed*

Cloud services built specifically for LPCs

MatrixCare's cloud-based LPC solution can help you manage everything from billing and accounts payable to census, leading to streamlined operations and more efficiency for your staff. No matter the size of your organization, our cloud-based software can help you enhance data security and system reliability so you have more time to focus on resident care while boosting your bottom line.

When you use cloud-based architecture, you automatically have access to many features built into the cloud delivery, such as the latest software updates, as well as SOC-2 compliance, round-the-clock monitoring, licenses, and backups. And transitioning to the cloud is hassle-free for your IT team and for your users.

See what MatrixCare can do for you.

Reliability

Be ready for anything.

The reliability of the cloud gives you peace of mind knowing your data will be available, even in the event of a network failure or natural disaster. Our fully redundant internal network and ISP carriers deliver backup power to help ensure continuous operations for an extended period, so you can avoid costly downtime.

- Daily backups
- 24x7 monitoring
- Cloud architecture minimizes single points of failure

Security

Keep sensitive data safe.

The secure cloud environment implements tools designed to isolate and protect your ePHI sensitive data from malware and other threats. In addition, we work to keep our cloud solution compliant with SOC-2 standards to control and protect your information.

- Intrusion detection
- Fully managed backups
- Secure, easy access for local, remote, and mobile users

System performance

Run at top speed.

We'll handle the updates and support so you can focus on other strategic needs. We frequently update the hardware architecture to keep systems running smoothly, and perform regular maintenance on both hardware and software.

- High bandwidth capacity helps prevent bottlenecks
- Fully managed updates and upgrades
- The latest technology without the additional costs

MatrixCare's LPC cloud offers a complete solution for your current— and future—business needs. See for yourself. Request a demo by calling 866.469.3766 or visiting matrixcare.com/demo.
