

PRIVATE DUTY

BUILT ON
Microsoft Azure
and Power BI

Do more with your data — anytime, anywhere

Get the insights you need to make better business decisions, anticipate patient needs and achieve better outcomes.

MyData and MyAnalytics go beyond simple data management and analysis to give you a deeper competitive edge:

- > Gain actionable insights based on rich business intelligence
- > Monitor relevant data using clear, informative dashboards
- > Build your own custom reports to identify and monitor patterns and trends
- > Leverage IT resources and software investments more effectively
- > Combine data from MatrixCare into existing data warehouses
- > View dashboards and reports securely on most mobile devices
- > Expand a base set of content to meet your needs
- > Use the business intelligence (BI) software that works best for you

MyData

Designed for home health organizations with significant investments in people, software and intellectual property, MyData gives you easy, secure access to your data via the Web. You'll have anytime, anywhere access to your data to make more informed data-driven decisions. With MyData, you can see how operations are affecting your financial performance and start realizing more revenue from opportunities you might be missing.

MyData won't interrupt your MatrixCare source system performance and comes packed with features that give you the actionable insights you need to drive results:

- > Access to replicated source system tables with updates in near real time (NRT)
- > High-value source system tables for reporting use cases
- > Flexibility to attach your own licensed analytics tool set
- > Ability to create your own file extracts for data mashups
- > Corporate-level reporting capabilities across all offices
- > Help documentation that includes metadata and table relationships

With direct access to 33 database tables in MatrixCare source systems, you can work with your selected data to generate custom dashboards. For example, you can create a financial dashboard to show:

- > Payroll by pay date
- > Payroll by service date
- > Revenue by invoice date
- > Revenue by service date
- > Utilization
- > Gross profit margin
- > Paid OT vs. billed OT in units (hours) and dollars by
 - Caregiver
 - Client Location
 - Service code (live in, hourly, flex)

“There are so many things we can do with MyData. We're using it to drive functionality, develop KPIs and set up workflows within the company. That really puts the power in our hands.”

– Luka Bajic, Life Matters

“Before MyData, we ran several individual reports and used manual calculations to determine overtime hours billed in comparison to overtime hours paid. It took multiple hours. Now, with MyData, it takes five minutes.”

– Shannon Lamoreaux, Life Matters

MyAnalytics

If you like to spend more time analyzing information than collecting and manipulating data, you'll love MyAnalytics. It comes with a library of content you can tailor to suit your needs, making it easy to create custom dashboards, modify prebuilt content and generate your own self-service reports. You'll also get full support from MatrixCare to help you make the most of your investment.

MyAnalytics comes packed with rich capabilities that help you identify critical trends, improve operations and more effectively manage your business:

- > Prebuilt visualizations and reports for key areas of your business — from census and financial accounts receivable to readmissions and quality measures
- > Market-leading business intelligence app built on Microsoft Azure and Power BI
- > Self-service report writing options using Microsoft Azure and Power BI with our tabular data model

Start driving more success for your home health organization with MatrixCare's MyData and MyAnalytics.

About MatrixCare

Our Best in KLAS software for long-term care is the complete solution for growing organizations that need to successfully manage risk in care delivery across the LTPAC spectrum. Trusted by more than 13,000 facility-based care settings and more than 2,500 home care, home health and hospice organizations, MatrixCare technology helps ACOs, skilled nursing and senior living providers, life plan communities (CCRCs), and home health organizations to connect, collaborate and prosper as we migrate to a fee-for-value healthcare system.

MatrixCare provides software solutions in out-of-hospital care settings. As the multiyear winner of the Best in KLAS award for Long-Term Care Software and Home Health and Hospice EMR, MatrixCare is trusted by thousands of facility-based and home-based care organizations to improve provider efficiencies and promote a better quality of life for the people they serve. As an industry leader in interoperability, MatrixCare helps providers connect and collaborate across the care continuum to optimize outcomes and successfully manage risk in out-of-hospital care delivery. MatrixCare is a wholly owned subsidiary of ResMed (NYSE: RMD, ASX: RMD). To learn more, visit www.matrixcare.com and follow @MatrixCare on Twitter.
