

RCM Recovery Services

Clean up your accounts receivable to improve collections and cash flow

The longer your accounts receivable age, the less likely you are to be paid for the care you have provided. But your staff is stretched thin managing current billing, and they may not have the time or expertise to research and resolve unpaid claims.

MatrixCare can ease the workload and help capture lost revenue, clean up your AR, and position you for long-term financial health.

Benefits of our RCM Recovery Services

Here are five ways we can help your organization:

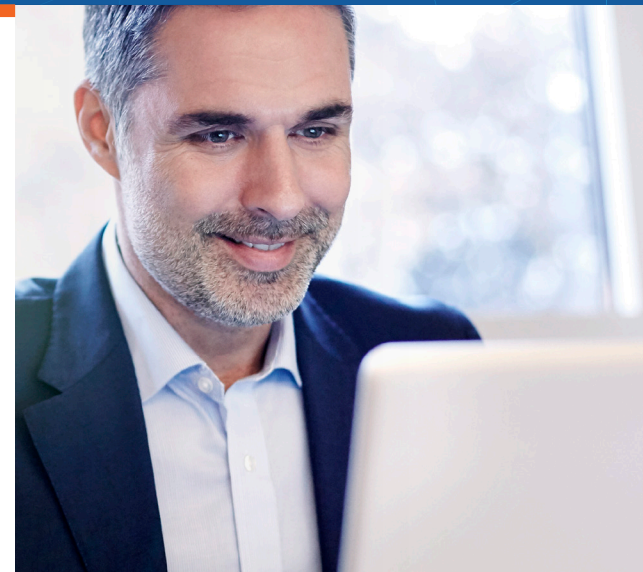

- > Increase your net collection rate
- > Increase your cash flow
- > Mitigate write-offs from timely filing
- > Pinpoint upstream billing issues that can affect current billing
- > Reset your RCM processes for better reporting and analysis

Minimal staff time can yield quick results

You choose which payors you want us to evaluate, and we'll handle the rest from within your MatrixCare system.

Many customers see increased collections within the first month of our RCM Recovery Services. So why wait? Talk to your MatrixCare account representative to find out how we can help improve your cash flow and keep your organization financially healthy.
